INNOVATING COPPER SOLUTIONS FOR A SUSTAINABLE AND EFFICIENT HVAC FUTURE.

Since 2008, Eron, a brand of Haste Trading LLC, has been a trusted name in delivering high-performance copper pipes, coils, and fittings for HVAC and refrigeration systems. With a commitment to precision and quality, our products are designed for durability, ensuring optimal performance and static stability. Our mission is to provide the global market with copper solutions that meet the highest standards of strength and efficiency.

Vision for Eron

Our vision is to lead the transformation of the HVAC and refrigeration industry through copper solutions that are not only highly efficient but also contribute to a more sustainable planet. We aim to be the global standard-bearer for environmentally-friendly copper technologies, setting new milestones in performance, durability, and eco-consciousness.

At Eron, we believe copper is more than just a material—it’s an essential driver of the future. By investing in sustainable production and leveraging the natural benefits of copper, we envision a future where HVAC systems are both high-performing and kinder to the environment.

Mission of Eron

Eron’s mission is to provide forward-thinking HVAC and refrigeration professionals with copper products that are designed for efficiency, precision, and sustainability. We are committed to pushing the boundaries of what’s possible in the industry, with products that not only meet global standards but set new benchmarks for energy conservation, system longevity, and ease of use.

Soft Annealed Copper Coils

Soft Annealed Copper Coils

Soft Annealed Copper Coils (Premium) - Red Packaging

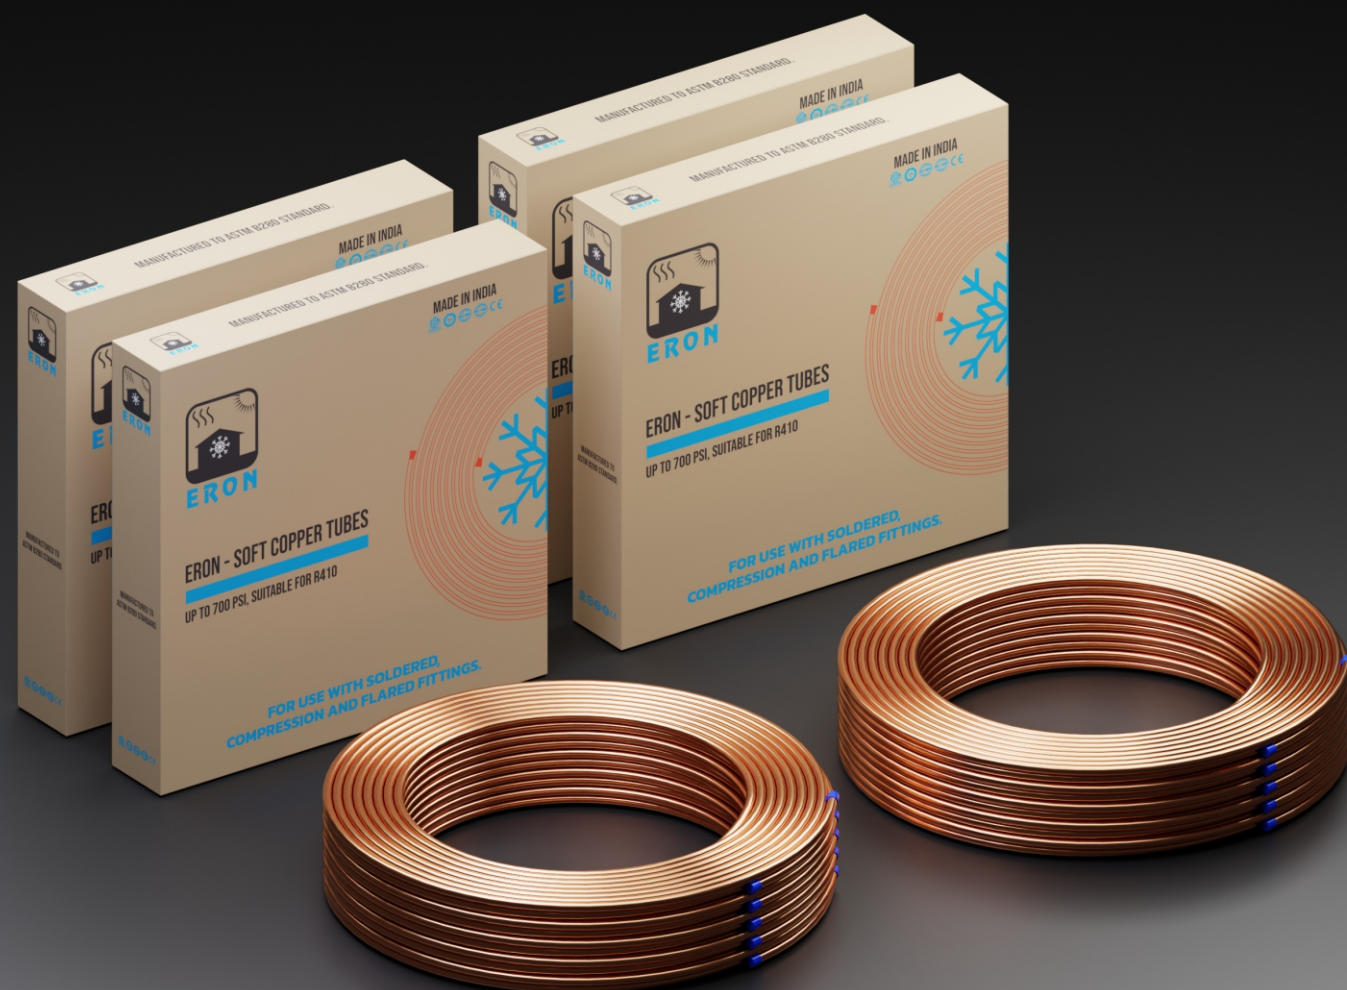

OD (MM)	OD (IN)	Thickness (mm)	WT (KG)	LENGTH /ROLL (M)
6.35	1/4"	0.76	1.82	15
9.53	3/8"	0.81	3.14	15
12.7	1/2"	0.81	4.11	15
15.88	5/8"	0.89	5.69	15
19.05	3/4"	0.89	6.89	15
22.23	7/8"	1.14	10.26	15
28.58	1 1/8"	1.27	14.80	15

Material: ASTM B280 Soft Annealed Coils

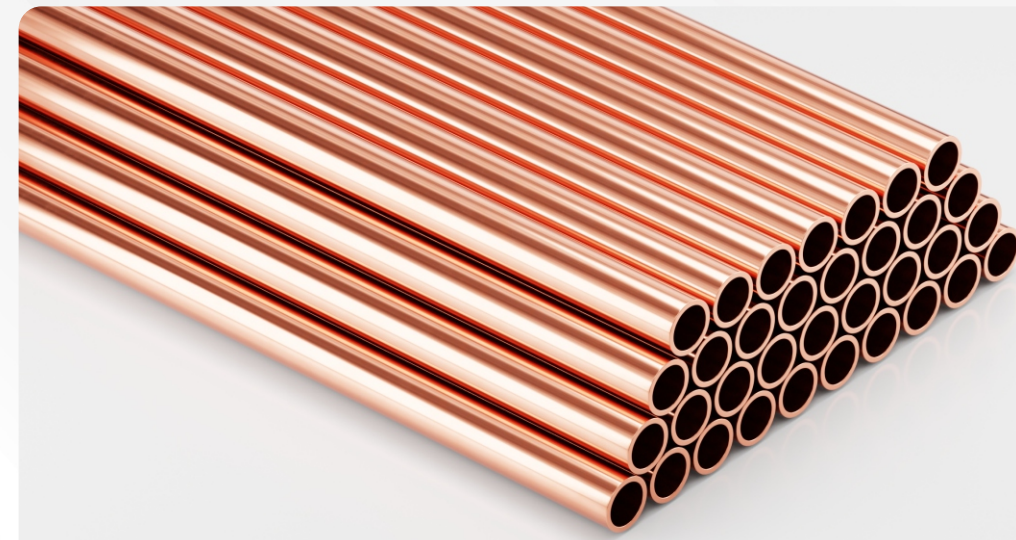

- Applications: Cold rooms, Air conditioners, Refrigerators.
- Quality: Manufactured under stringent conditions to meet the demands of ACR industry.
- Compatible with all refrigerants
- Temper: Soft-annealed
- Packaging: Double-layered coil shrink wrapped in the card board carton box

Soft Annealed Copper Coils (Economy) - Blue Packaging

OD (MM)	OD (IN)	Thickness (mm)	WT (KG)	LENGTH /ROLL (M)
6.35	1/4"	0.61	1.49	15
9.53	3/8"	0.61	2.34	15
12.7	1/2"	0.71	3.59	15
15.88	5/8"	0.71	4.69	15
19.05	3/4"	0.76	5.96	15
22.23	7/8"	0.81	7.55	15

Straight Copper Tubes

Straight Copper Tubes

Material: ASTM B280 Hard Drawn Straight Length Tubes

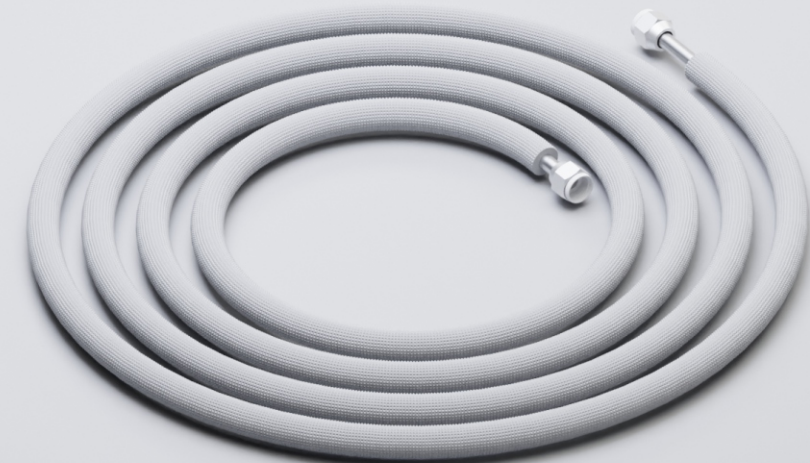

- Applications: Central air conditioning systems in big buildings and widely in the market both domestically and internationally.
- Quality: In conformity with international standards. Manufactured under stringent quality to meet the demands of the ACR industry.
- Compatible with all refrigerants.
- Temper: Hard Drawn
